

Did you know local electricity rates just went up again? **ROUGHLY 20%!!**  
And one of our long-time sponsors can help **all** RCS families!

Qualified residents can get a **no-cost** solar installation or even add additional panels if needed to cover those rising costs.

The best part? Every time a customer moves forward and mentions “**RCS**” a **\$1,000 donation is made to the school!** Plus, additional savings offered as a member of the RCS community!

**Contact Casey Snyder (via text or call) at 267-303-0027 for more information and a free consult.**
